## CLIENT DISCLOSURE FORM

---

As a Hibiscus Moon Certified Crystal Healer, I would like to welcome you to my practice and provide some information relevant to our relationship and your experience during the energy healing process. Along with all other information you receive from me during your initial intake, please read this information carefully, as both myself as healer and you as client must sign this disclosure before we begin. Although not required, I will attempt to keep a copy of this disclosure and all other paperwork in my records for up to three years.

### **Crystal Treatment**

The purpose of a crystal healing session is for mental and spiritual well being. My method of treatment – energy healing – is an alternative or compliment to healing arts otherwise licensed by the State. We will use a variety of techniques to facilitate well being and clarity in the moment, while promoting long term self reliance through practical techniques to help raise consciousness, clear confusion, recognize intent, interpret meaning and quell doubt.

If you ever have any concerns about the nature of your treatment, you are free to discuss them with me at any time. As I am committed to monitoring your progress, I ask that you please bring any new information affecting your treatment as soon as practical. You are entitled to stop treatments at any time, with or without reason, and I recommend that you inform your medical doctor that you are receiving energy healing treatment. While I will use my best efforts during our sessions, I cannot guarantee any particular outcome as results vary from person to person.

### **State and Federal Law**

I am not a licensed physician, nor are energy healing services licensed or controlled in most states. As your healer, I am responsible for knowing any applicable State and/or Federal laws that may apply to me, and for disclosing those laws to you. Since it is likely that any laws regarding crystal healing will change over time, I also encourage you to research and stay informed on current laws and to bring any changes to my attention.

### **Requirements to be a Hibiscus Moon Certified Crystal Healer**

In addition to my commitment to a professional Code of Ethics, I completed a sequence of classes through the Certification Program and achieved a passing average grade of 75% or higher on the required corresponding assignments. Further, I was required to perform healing sessions reviewed by my instructor and clients for effectiveness and professionalism, and otherwise encouraged to continue hands-on training in my practice. I received an Official Certificate of Completion to be qualified to use the letters CCH after my name and earned 18 Continuing Education Units with the National Certification Board for Therapeutic Massage & Bodywork. If you have not already done so, you may request to see my Certificate at any time or a current list of my other qualifications.

\* I was certified by Hibiscus Moon on July 15, 2014. \* Please see [www.HibiscusMoonCrystalAcademy.com](http://www.HibiscusMoonCrystalAcademy.com) for more information on the certification process and requirements, or to confirm my certification through the program.

### **Healer's Qualifications**

In addition to my certification, as well as continuing efforts to educate myself on the techniques used in my practice, my other qualifications include:

Certified Reiki 1 Practitioner & I am currently enrolled in Chikara-Reiki-Do Reiki Master Program
